

# BIRCHWOOD

HEALTH

**A Psychiatry and  
Therapy practice for New Jersey residents ages  
13+ with Medicaid/New Jersey Family Care**

## About Us

At BirchWood Health, we're more than just a healthcare provider; we're a community. Rooted in the belief that collaboration and personal connections are key to effective mental health care, we offer the warm, intimate feel of a small office coupled with the advanced capabilities of virtual services. Our approach blends the best of both worlds - the comfort and personalized attention of a local practice with the accessibility and innovation of telehealth.

## Our Mission

At BirchWood Health, we're on a heart-felt mission to reshape mental health care into something more accessible, personal, and genuinely caring. We believe everyone, especially those within the Medicaid community, deserves the highest quality of psychiatric services and therapy, right at their fingertips.

## Our Services

- ✓ Virtual Therapy
- ✓ Psychiatric Evaluations
- ✓ Medication Management
