

Clinical Expertise Imbued with  
WARMTH & COMPASSION

horizons

HORIZONS is a dedicated  
program centered on  
nurturing independence and  
optimizing recovery.

Under the direction of a leading neurologist,  
our highly acclaimed program offers a goal  
oriented approach to help patients maximize  
responsiveness and develop new strategies to  
adapt to their challenges.

Rehabilitation Services — including Physical Therapy,  
Occupational Therapy and Speech Therapy — are provided by rehab specialists  
trained in specialized neurological impairment rehabilitation.
