

Welcome to Harbor MAT

Harbor MAT offers medications for opioid use disorders (MOUD) and substance use services.

We provide personalized, evidence-based treatment services and on going recovery support to individuals, their families, and the community.

Substance use disorders are chronic, life-threatening diseases that diminish the quality of life for you and your family.

Our program combines an integrated approach to treatment.

With our treatment staff, you will develop an individualized course of treatment based upon your strengths, needs, abilities, and preferences.

Together we will create a personalized plan of recovery that can include individual, group, and family counseling.

We are here for you, your health, and the health of those you love.

Our MOUD/MAT Program

Our team of compassionate staff provide confidential, individualized, medications for opioid use disorders (MOUD), including methadone maintenance/detoxification as well as buprenorphine services.

With a capable guide, all clients learn to:

- Identify & Seek to Reduce/Eliminate High Risk Behaviors

Cope with Relapse Triggers

Recognize & Become Familiar with Possibilities for Positive Growth & Change

Find Successful Means to Fulfill your Potential

Appreciate the Value of Structure, Boundaries, Dependability & Responsibility in Creating a Productive Life
