

Our Camp Community

What separates one day camp from another? The activities? The staff? What they serve for lunch? Could be a bit of each.

Our campers, their families, and our staff have created lifelong bonds. Our families are assured their campers are cared for, nurtured and their efforts are championed. Whether we're Creating, Playing, Exploring or Discovering, we're always sharing the SPARKS that Grow our community.

We can't wait for summer! We can't wait for friends!

Our Mission

At **SPARK Day Camp**, we collaborate with our campers to create a camp community whose foundation is built on Love, Compassion, Joy and Acceptance. We strive to provide a sense of belonging, while encouraging campers to try new things and fuel their growing passions with consistently expanding program areas. Our partnerships with like-minded organizations helps us to foster our campers' understanding and desire to give back.

A Lifetime of Memories in a Summer of Fun

The SPARK Philosophy

Our goal at **SPARK** is for all campers to have fun in an emotionally safe, nurturing environment.

We strive to empower our campers to feel positive about themselves, develop as confident individuals, further their skill development, and learn to be supportive members of an inclusive camp community.

We do this by providing our campers with opportunities to express themselves creatively and emotionally, and find success trying new challenges.

Our staff are positive role models who work to assist children with problem solving through patience, teamwork, and empowering them to make age-appropriate decisions.

A Day in the Life of a SPARK Camper
