Collier Youth Services
BELONGING • DIGNITY • HOPE

Collier Youth Services provides unique and dynamic programs that assist young people and their families to build the necessary skills and tools to overcome adversity, heal from past trauma, and grow toward their potential in an environment that promotes belonging, dignity, and hope.

This is accomplished in each of our programs by:

- Including each individual's Needs, Strengths, Abilities, and Preferences in our planning
- Continuous Performance Measurement and Improvement planning
- Being responsive and seeking input from youth we serve and other stakeholders

Help support Collier's programs by making a donation.

Your support will make a difference in the lives of our youth!

Collier School

Over 14 million adolescents live with a mental health condition.

Nearly **50%** of students diagnosed with a mental illness drop out of high school.

At Collier, 95% of our students graduate High School.

Collier School is a state-approved, private, non-profit Middle School and High School for students whose needs cannot be met within the public school. Combined with a strong counseling component, students are prepared for college, technical/vocational schools, and full-time employment.

Collier Residential Program

Everyday, **2,383 youth** are reported abused or neglected.

In 2019, nearly **424,000 youth** lived without permanent families.

Less than 50% of these children were reunified with their families.

3 out of 4 Collier Residents are reunified with their families or successfully transition to independent living.

Collier Residential Program addresses the immediate needs for safe housing and food security for adolescent girls and young women who have survived trauma, abuse, or neglect while providing in-depth counseling and life skills training with the goal of reuniting with their family or transitioning to independent living.

Kateri Day Camp

More than **10 million children live in poverty** which creates gaps in their cognitive skills and putting them at **risk of hunger and homelessness**, jeopardizing their **health and ability to learn.**

Less than 50% of children who live in poverty are ready for school at age 5.

2 out of 3 Campers improve their literacy skills over the summer.

Since 1977 **Kateri Day Camp** has provided over 8,000 economically disadvantaged Monmouth County youth with a safe, affordable, kid-friendly summer camp experience. While at Kateri, campers make new friends, gain confidence, learn to swim, enjoy nature, continue to make academic gains...all while having fun!
