

# GET A MENTOR WITH BBBS!

Enroll your child in our School Based Mentoring Program with Communications, Biotechnology, and Academy for Allied Health and Science High Schools to receive a year of one-to-one mentoring support from a high school student. The program meets throughout the school year two Tuesdays a month from 2:30pm -4:00pm at Thurgood Elementary School. At the sessions, mentors and mentees spend time together engaging in activities facilitated by BBBS, all while developing a positive friendship along the way!

## YOUTH WHO HAVE A MENTOR ARE

- Less likely to use illegal drugs or alcohol
- More likely to stay in school
- More likely to make positive choices regarding their future
- More likely to graduate from high school and pursue secondary education

### What does it require to be a Mentee?

1. Commit to attend the program for one school year
2. Complete an application via this QR code
3. Complete a brief interview with a BBBS staff member
