

Therapeutic Nursery Groups

What are therapeutic nursery groups?

Therapeutic nursery groups (TNGs) are playgroups for children (ages 3 to 6) experiencing **emotional and behavioral difficulties**. Our program, facilitated by licensed clinicians, uses **evidence-based approaches** to teach children how to identify, manage, & cope with their emotions. **Parent groups run alongside TNG** to provide parents support and build upon parents' skills.

Who may benefit from this treatment?

Treatment can support children with various concerns such as: ADHD, social skills needs, expressing feelings in a health manner, behavioral issues, family issues, self-esteem problems & other adjustment issues.

Need more information?

Call 732-869-2784 today to get more information or start the intake process.

All services occur **in-person** at 61 Davis, Neptune, NJ.

We accept all major insurances.
