

SCHOOL CLEARANCE SERVICES

Available to all New Jersey School Districts, for students ages 10 & up

High Focus Centers offers an improved approach to psychiatric emergency screenings for students. Our team is committed to providing timely school clearance assessments, ensuring that students in crisis receive the care and support they need.

Our Services

- » **Prompt Evaluations:** Recognizing the urgency of these situations, we provide assessments and recommendations within 24 hours, ensuring minimal disruption to the student's education.
- » **Detailed Reporting:** Upon completion, we provide a thorough certification of clearance, along with tailored treatment recommendations and referrals, to both the student and the school district immediately.
- » **Collaborative Approach:** Our team works closely with families and school personnel to ensure all parties are informed and supported throughout the process.

Why Choose Us?

- » **Licensed Professionals:** Our team comprises licensed counselors, social workers and experienced psychiatrists specializing in child and adolescent mental health, ensuring accurate assessments that meet the specific requirements of your school district.
- » **Avoid Emergency Room Wait Times:** Rather than enduring long waits in an emergency room, our scheduled outpatient appointments offer a more relaxed and efficient evaluation experience.
