

NJ Center for Tourette Syndrome AND ASSOCIATED DISORDERS, INC.

COMMUNITY TRAINING PROGRAM

CREATING A POSITIVE, INCLUSIVE, SUCCESSFUL ENVIRONMENT FOR INDIVIDUALS WITH TOURETTE SYNDROME

NJ Center for Tourette Syndrome & Associated Disorders (NJCTS) offers Community Trainings designed for support professionals in community-based organizations across New Jersey and provides information about Tourette Syndrome (TS) and associated disorders. The presentations promote more positive, inclusive, and successful learning environments for individuals with these disorders.

NJCTS Community Trainings:

- Are conducted by education or medical professionals
- Review the implications of a TS diagnosis and its impact in the academic arena
- Are available for groups of 25 people or more
- Run approximately 60-90 minutes, depending on availability
- Are valuable to all staff members regardless of whether he or she currently works with individuals with TS

Learning objectives include:

- Understanding the symptoms, diagnosis, and treatment of TS and associated disorders such as OCD, ADHD, learning disabilities, anxiety, mood disorders, and depression
- Recognition of the ways TS and associated disorders affect academic performance and peer social interactions
- A wide range of strategies and accommodations for the student with TS and associated disorders that can have a positive impact on their academic success

NJCTS has trained community organizations at locations including:

Family Support Organizations, County Inter-Agency Coordinating Councils (CIACC), The Arc, and public libraries.

**To schedule a training for your organization, contact:
908-575-7350 or info@njcts.org**

Fees for the session offset program administration, materials, and travel and can be discussed when you call.

“Thank you for attending and providing insight to this disorder and your services.”
—CIACC of Union County

“The members were very impressed with the services you provide. Thank you again for a job well done and I look to collaborating with your organization in the future.”
—CIACC of Somerset County

“Thank you so much for making time to come speak with us about your amazing organization.”
—CIACC of Passaic County

The NJ Center for Tourette Syndrome & Associated Disorders, Inc. (NJCTS) is the nation’s first Center of Excellence for Tourette Syndrome (TS). Through partnerships and collaborations, NJCTS provides a continuum of services, support and education for families; outreach and training for medical and educational professionals; and advocacy for collaborative research for better treatments and a cure for TS.
